of Sweden education

Primary education
Secondary education

2025-2026

Welcome to BRIGHT of Sweden

Thank you for your interest in our BRIGHT products. It is our hope our products will be enjoyed for a long time and therefore we make sure only to provide pedagogic, effective, easy to use, safe products of the highest quality.

Among our PRIMARY EDUCATION products, you find our award-winning games and books; ready to use in the Kindergarten and Elementary school classroom. Math, science, the alphabet, English introduction and more. Our line of products is called Sigma's World Play & Learn.

Our SECONDARY EDUCATION products are for the science and math classrooms around the world. Our popular teaching models and manipulatives make the basics of science easier and more comprehensible for all students. You also find our award-winning educational games here.

As founders of BRIGHT of Sweden, it is our vision to make teaching and learning easier. Our way is to make the early years' education fun and inspiring to tickle the students' minds to want to learn more. Seamlessly blending fun and learning.

For the older students, we want to make the basics of science and math education easier and more comprehensible.

Sharing teaching tools through our products and games, knowing teachers and students benefit from them in different parts of the world, is our way to connect people.

We hope you will appreciate our BRIGHT products, and that you will benefit from them for many years.

They all come with warm greetings from Sweden.

*Pernilla & Anna
Founders, BRIGHT of Sweden*

BRIGHT
of Sweden education

Sigma's World™ play & learn

We strongly believe that all form of learning stick better when there is a will to learn. That's why it's important for us kids find our games and books fun; a launching pad for knowledge!

Our line of fun educational items for the young minds is called Sigma's World™ play & learn. Our sweet and inquisitive monkey Sigma and his friends are your guides to games, books and fun. You get to learn and practice math, the alphabet, science, environment, recycling and more; the fun opens the door to learning. When you see this symbol  you know it's a fun, educational and safe product!

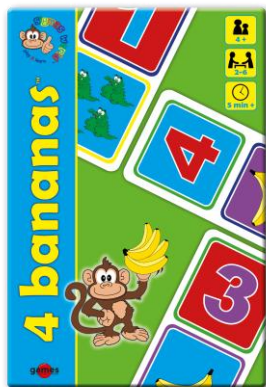

All Sigma's World products are educational, fun and safe; non-toxic. They meet or exceed safety regulations of ASTM F963, CPSIA and CE.

Primary Education

4 bananas™

Domino math game. A great way to introduce basic math. Quick set up, easy to learn. Practice basic math values, concentration and memory with this fun and fast game.

Content:

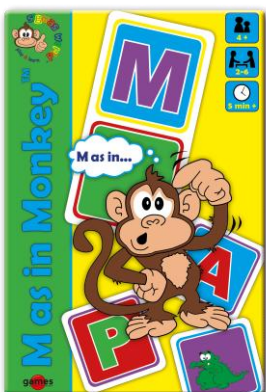

- 35 domino cards
- 1 start piece
- Instructions: English, Swedish, Danish/Norwegian, Finnish, Spanish, German, French

SKU:	111-1
Players:	2-6
Age:	4 years +
Play time:	5 min +
EAN:	735 008816 009 1

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

M as in Monkey™

Introduce the English language and learn about the alphabet by matching letters and pictures in this fast-paced "bingo-meets-memory" game.

Content:

- 26 double cards
- 26 square tiles
- Instructions: English

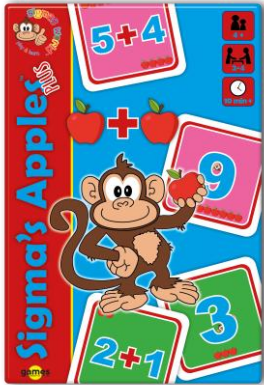

SKU:	112-1
Players:	2-6
Age:	4 years +
Play time:	5 min +
EAN:	735 008816 010 7

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Sigma's Apples™ plus

Help Sigma count addition with red apples; fun and appealing!
A fast-paced memory game where you match a math problem with a sum.

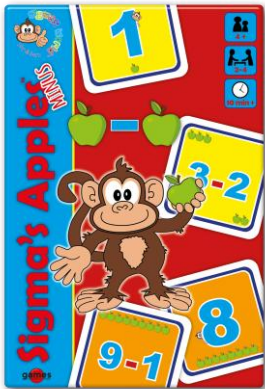

- Content:
- 20 math problem cards
 - 20 sum cards
 - 8 apple cards
 - Instructions: English, Swedish, Danish/Norwegian, Finnish, Spanish, German, French

SKU:	115-1
Players:	2-4
Age:	4 years +
Play time:	10 min +
EAN:	735 008816 023 7

CE CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Sigma's Apples™ minus

Help Sigma count subtraction with green apples; fun and appealing!
A fast-paced memory game where you match a math problem with a difference card.

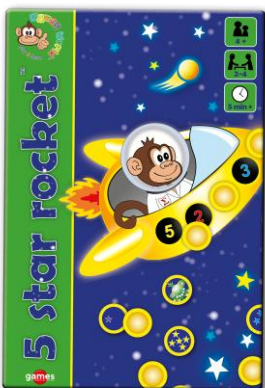

- Content:
- 20 math problem cards
 - 20 difference cards
 - 8 apple cards
 - Instructions: English, Swedish, Danish/Norwegian, Finnish, Spanish, German, French

SKU:	116-1
Players:	2-4
Age:	4 years +
Play time:	10 min +
EAN:	735 008816 024 4

CE CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

5 star rocket™

Match numbers and digits to start up your spaceship. In this easy to learn, easy to play game, the youngest players practice basic math; in space!

- Content:
- 4 rocket cards
 - 20 star tokens
 - 4 alien tokens
 - Instructions: English, Swedish, Danish/Norwegian, Finnish, Spanish, German, French

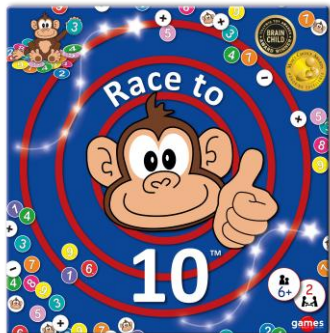

SKU:	117-1
Players:	2-4
Age:	4 years +
Play time:	5 min +
EAN:	735 008816 025 1

CE CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Race to 10™

Help Sigma get the numbers to reach the sum of ten. The students practice their math skills; addition and subtraction, mental calculation and memory training playing this game

Content:

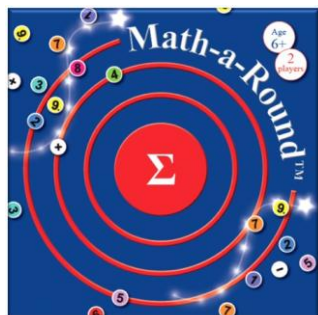

- 2 game boards
- 45 number tokens, token bag
- 30 + and 30 - tokens
- 10 score tokens
- Instructions: English, Swedish, Danish/Norwegian, Finnish, Spanish, German, French

SKU:	109-1
Players:	2
Age:	6 years +
Play time:	10 min +
EAN:	735 008816 005 3

CE CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Math-a-Round Σ®

Fun educational math game. Mental calculation, concentration, memory training and taking turns are some benefits implemented in the game. Sturdy classroom version.

Content:

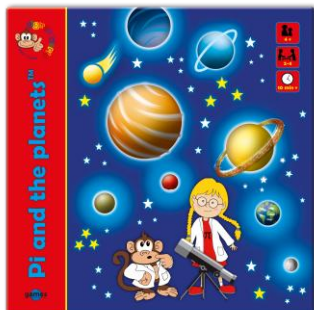

- 2 game boards; red, blue
- 45 number tokens; 5 each of 1-9
- 30 + and 30 – tokens
- 10 score tokens
- Instructions: English or Swedish

SKU:	106-1 (English)
	106-2 (Swedish)
Players:	2
Age:	6 years +
Play time:	10 min +
EAN:	735 008816 001 5

CE CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Pi and the planets™

Learn about the solar system and our planets with Pi; the scientist with braids. Taking turns and practicing concentration is implemented in the fun!

Content:

- 1 game board
- 4 Milky Way boards
- 32 Planet tiles
- 4 spaceship pawns with stands
- 9 Comet questions cards
- 1 dice
- Instructions: English or Swedish

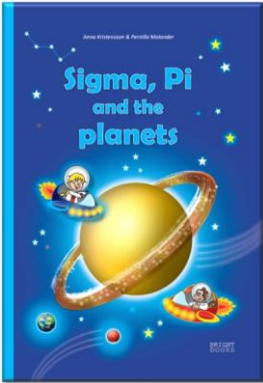

SKU:	114-1 (English)
	114-2 (Swedish)
Players:	2-4
Age:	4 years +
Play time:	10 min +
EAN:	735 008816 012 1

CE CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Sigma, Pi and the planets™

The book about Sigma and Pi's adventures in space. A thrilling story with more or less hidden fun facts about our solar system. Read Adventures: ReAdventures!

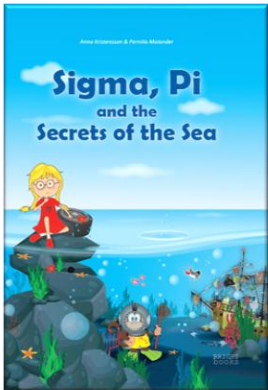

- Content:
- book of 32 pages space adventure
 - Read and learn; fun and facts in a marvellous mix
 - learn about our planets and solar system
 - large, inspiring pictures

SKU:	201-1 (English)
	201-2 (Swedish)
Age:	4 years +
ISBN:	978-91-985582-1-0
	978-91-985582-0-3

CE Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Sigma, Pi and the secrets of the sea™

This adventure is grand and fun, and it addresses the issue of littering and the oceans' health in a light and kids-friendly way; with lots of hope! You also get to learn the basics of recycling.

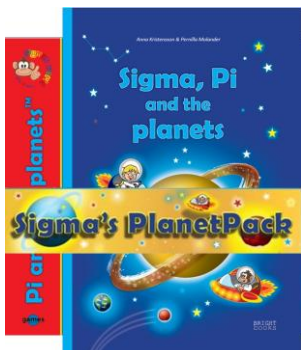

- Content:
- book of 32 pages water adventure
 - Read and learn; fun and facts in a marvellous mix
 - learn about recycling and taking care of our awesome yet delicate seas
 - large, colorful, unique pictures

SKU:	202-1 (English)
	202-2 (Swedish)
Age:	4 years +
ISBN:	978-91-985582-8-9
	978-91-985582-9-6

CE Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

Sigma's Planet Pack™

The book AND the game! Read and play space bundle.

- Content:
- Book and game bundle:
 - 1 pcs Sigma. Pi and the planet book
 - 1 pcs Pi and the planet game

SKU:	114-3 (English)
	114-4 (Swedish)
Age:	4 years +
EAN:	735 008816 014 5
	735 008816 014 5

CE Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

BRIGHT Geometric shapes™

Illustrate relationships between area, volume, shape, form, and size. Have the students identify, analyze, compare, sort and classify 3-D geometric shapes; flat surfaces, corners and more.

Content:

- Set of 10pcs geometric shapes
- One set: Globe, Helix, Rectangle, Hexagon, Prism, Pyramide, Tetrahedron, Dodecahedron, Cone, Cylinder
- Size 15-30 mm height
- Red, white, gray or black

SKU: 501-1
Age: 6 years +

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of ASTM F963, CPSIA and CE

BRIGHT line™

Thin, flexible whiteboards for students. Draw, write, count; then erase and use again. Perfect for younger students practicing writing letters; mistakes are easily erased and a fresh page appears.

Content:

- Flexible whiteboard
- Reusable
- 20 x 70 cm
- Use with whiteboard pens (not included)

SKU: 401-1
Age: 3 years +

CE Meets or exceeds safety regulations of CE

BRIGHT

BRIGHT Atom™

Atom model for students. A hands-on manipulative that makes the basics of science concrete and more comprehensible. Sturdy and long-lasting in the science classroom.

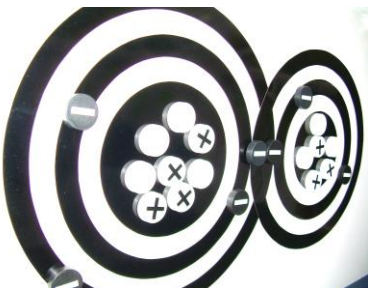

- Box with lid; 4 electron orbitals on the lid and 4 at the underside of the box
- 30 protons, 30 neutrons, 30 electrons
- Instruction sheet
- Smart storing of subatomic particles inside the box
- The models can easily be stacked for storing

SKU: 101-1
EAN: 735 008816 017 6

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE

BRIGHT Teacher Atom™

Teacher demonstration atom model. Magnetic, separate nuclei and orbits; use just the orbits you need to show atoms and isotopes. Use both nuclei for a concrete presentation of forming of ions.

- 2 atomic nuclei
- 8 electron shells; 4 to each nucleus
- 20 protons, 20 neutrons, 20 electrons
- Storing board
- Instruction sheet
- Black nuclei and orbits

SKU: 103-1
EAN: 735 008816 018 3

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE

BRIGHT Teacher Atom™

Teacher demonstration atom model. Magnetic, separate nuclei and orbits; use just the orbits you need to show atoms and isotopes. Use both nuclei for a concrete presentation of forming of ions.

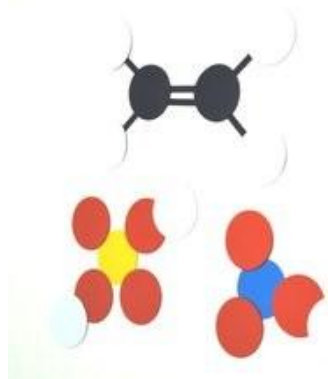

- 2 atomic nuclei
- 8 electron shells; 4 to each nucleus
- 20 protons, 20 neutrons, 20 electrons
- Storing board
- Instruction sheet
- White nuclei and orbits

SKU: 103-2
EAN: 735 008816 018 3

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE

BRIGHT Teacher Molecule™

Magnetic teacher demonstration molecule model. Present a wide variety of molecules as well as chemical bonding to the class in an easy and concrete way, with or without bindings.

- 20 each of black, red and white atoms (representing e.g. Carbon, Oxygen and Hydrogen)
- 10 each of the blue, green and yellow atoms (representing e.g. Nitrogen, Chloride and Sulphur)
- 50 bindings
- Instruction sheet
- Smart storing in the box

SKU: 104-1
EAN: 735 008816 019 0

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE

BRIGHT Science Kit™

Complete set for teaching atomic structure, isotopes and ions. You get a teacher demonstration atom model along with 8 hands-on student models; a perfect kit for the science classroom.

- 1 pcs BRIGHT Teacher Atom
- 8 pcs BRIGHT Atom
- Lesson plan/working sheets
- Instruction sheet
- Teacher Atom has black nuclei and orbits

SKU: 102-1
EAN: 735 008816 020 6

CE  CHOKING HAZARD
Small parts – not for children under 3 years

Geometry Strategy™

Strategic game where your Sphere wins the game, if you can keep it safe. You need multiple strategies as the conditions keep changing. Practice strategic and math skills, concentration and probability.

- Strategic game for 2 to 4 players
- 1 game board
- 4 sets of 10 geometrical pieces
- 4 Challenge Ranking Lists
- 15 Red Zone cards
- Instructions
Languages: English, French, German, Swedish, Norwegian/
Danish and Finnish

SKU: 108-1
EAN: 735 008816 004 6

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE, ASTM F963 and CPSIA

EXEO Duo™

Hardcore strategy game where you play both sides. Simultaneously. You aim to get your pieces out and keep your opponent in. This requires planning, flexibility, strategy, tactics and patience...

- Hardcore strategy game for 2 players
- 1 game board
- 2 sets of 8 playing pieces
- Instructions
Languages: English, French, German, Swedish, Spanish, Norwegian/
Danish, Finnish

SKU: 110-1
EAN: 735 008816 008 4

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE, ASTM F963 and CPSIA

BRIGHT Science Quiz™ *biology edition*

600 biology questions written by a science teacher with more than 30 years experience of classroom teaching. The 10 color coded categories make it easy to select specific topics for review.

- 1 game board with spinning arrow
- 200 question review cards; 600 questions
- 1 divider for the cards

- 10 pawns
- 1 CD for classroom interactive whiteboards
- Instruction
Language: English

SKU: 107-1
EAN: 735 008816 003 9

CE  CHOKING HAZARD
Small parts – not for children under 3 years

Mayor of Evercent Springs™

In the race to become Mayor, you will not only meet opponents but also pubs, traps and a corrupted Council. Themed strategy game where you practice tactics, math skills, concentration and probability.

- 1 Game board
- 4 Candidates
- 28 Companions
- 4 Council's Lists
- 1 Price list
- 50 Golden coins
- 16 Hole tiles

- 4 Haven tiles
- 28 Key cards
- 12 Council's cards
- 3 Golden Council's cards
- 20 Pub cards
- Instructions
Language: English

SKU: 113-1
EAN: 735 008816 011 4

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE, ASTM F963 and CPSIA

BRIGHT Geometric shapes™

Illustrate relationships between area, volume, shape, form, and size. Have the students identify, analyze, compare, sort and classify 3-D geometric shapes; flat surfaces, corners and more.

- set of 10 pcs gemetric shapes
- piece height: 15 - 30 mm
- Colors: red, black, gray, white, or mix

- One set consists of 1 pcs each of:
Globe, Helix, Rectangle, Hexagon, Prism, Pyramide, Tetrahedron, Dodecahedron, Cone, Cylinder

SKU: 501-1

Spare particles, BRIGHT Atom™

Extra subatomic particles for BRIGHT Atom; protons, electrons and neutrons.
Only original, high-quality parts.

- set of spare subatomic particles
- one set consist of: 30 each of protons, electrons and neutrons

- Original parts

SKU: 101-3

CE  CHOKING HAZARD
Small parts – not for children under 3 years
Meets or exceeds safety regulations of CE

Spare particles, BRIGHT Teacher Atom™

Magnetic subatomic particles for the BRIGHT Teacher Atom: protons, electrons and neutrons.
Only original, high-quality parts.

- set of spare subatomic particles
- One set consists of: 20 each of protons, electrons and neutrons

- magnetic
- original parts

SKU: 103-3

CE  CHOKING HAZARD
Small parts – not for children under 3 years
